PROFILE

I am a Full-Stack Web Developer with expertise in C#, ASP.NET Core, Entity Framework, and SQL Server for backend development. On the frontend, I specialize in HTML, CSS, JavaScript, Vue.js, and React.js to build responsive and interactive web applications.

With professional experience in JavaScript development, I have worked extensively with HTML, CSS, JavaScript, React.js, HubSpot, WordPress, and Wix. Additionally, I have hands-on experience in database management, cloud deployment (AWS, Docker), and DevOps practices (CI/CD) to streamline development and deployment workflows.
